**KILLED IN THE LINE OF DUTY
LOAN PROTECTION**

PROGRAM OVERVIEW

Police Federal Credit Union now provides a special debt cancellation benefit exclusively for its members who serve as officers in the law enforcement community. This unique benefit is included on qualifying member loans taken out at the credit union and is provided at no cost to the borrower. Please speak with one of our member representatives today for a description of loans that include this important protection.

Killed in the Line of Duty (KILOD) Loan Protection is a waiver addendum to the qualifying loan agreement between the borrower and the credit union. This complimentary coverage will cancel the amount of the borrower's eligible loan(s) if the member dies while engaged in work-related activities as a full-time law enforcement officer, whether on or off duty, as the result of external force, violence or disease. (This includes heart attack or stroke occurring during training or other strenuous activity required of a law enforcement officer.)

To qualify for KILOD Loan Protection, the borrower must: (1) take out at least one eligible loan with Police Federal Credit Union and (2) be an active full-time law enforcement officer employed by a federal, state, county or municipal agency.

Offering peace of mind, the KILOD benefit cancels the outstanding loan balance as of the officer's date of death – up to a combined maximum of \$850,000 – for all of the officer's eligible loans with the credit union.
