## Deposit Availability Policy

Effective January 1, 2024

When a deposit is made to your account, the funds may not be available immediately. For example, if you deposit a check on Monday, you may not be able to withdraw funds from that check, and we may not pay another check with those funds, until Tuesday or even later. See the Availability Timeline below for details about when you can use the funds from different types of deposits.

If you withdraw funds from a check deposit, and the check is later returned unpaid, we may charge the check back to your account.

If you make a deposit to a Police FCU owned ATM before 2:30 p.m. on a business day that we are open, we will consider that day to be the day of your deposit. A deposit made after 2:30 p.m. will be credited the next business day.

### Check Cashing, Immediate Availability, and Holds on Other Funds

We may cash a check or make a check deposit available immediately if you have funds to cover that check in any of your accounts with us. If we do, we will hold those funds (equal to the amount of the check) in your other account(s) according to the timelines described in this policy.

### Longer Delays May Apply

Funds from check deposits may be delayed for up to **4 business days** if:

- We believe a deposited check will not be paid.
- You deposit checks totaling more than \$5,000 on any one day.
